Mr. Robertson, President of the Canadian Temperanee League. Mr. W. F. Maelean, M. Those who know the General can imagine how powerfully and convincingly he would substantiate his assertions. He brought to his aid the fact of what he had seen in his visit to the Central Prison that very morning. He had gone through its workshops, looked into its arrangements, and spoken to the 300 or 400 immates. He had been very pleased to remark

The Hon. G. W. "I don't remember that ever I read a fairy talo that was more interesting. THE GENERAL.

The General! We often say "God hiess him," and hundreds of thous ands daily offer a similar petition ou his behalf, and truly God does hies him. The eves of Toronto have been upon him this last week, many, very many of them eyes of love, sympathy faith, respect, loyalty, a few, per-haps, otherwise. He has well borne the scrutiny, and those who know him the best love him the most. Truth has a mighty power to make itself felt to be truth, and a true character cannot long be hidden, and To see him as be tells out eternal truths from his

hot, volcanic heart as the Spirit gives him utterance is to feel at once that here is a man living with an eye single for God and perishing souls. There is an unmistakably supernatural unction about his talk. The truth from his lips cats its way down deep, penetrating past every refuge of lies the sinner has hidden behind, till the countenance betrays the contill the countenance hetrays the con-sternation within. His scal for God's glory makes him expose the shain-ness ol sin in a way strangely plain for these honeyed times. With the General sin is exceedingly shaful, and though his heart is breaking over sinners, he cannot palliate wrong, it must be confessed, forsaken, and unt away through an application of the blood of the Lamb. Then, too, how his soul writhes with indignation at the wrong done to the fallen and out-cast; one is apt to feel while listenlux to his tremendous appears their behalf,—good is it for the op-pressor that General Booth sought the sweet methods of Christianity for the accomplishment of his social reforms, for he has in him a hurning lava which would force its way some

"Yes, he is all that, no doubt," but we rejoice in noticing that he is much more vigorous than he was a counte of years ago, and we have a good hope that very many years of life are yet before him, in which God will continue to endow him with those gifts which have been so wide a channel of blessing to the world in past years. The Toronto Campaign is over. It is not too much to say that it has execceded the expectations of the most sanguine amongst as. The manifest spiritual power of the meetings, the spleudid audiences, the rapt attenspicous assences, the rape atten-tion, the wonderful penitent-form re-sults, the gathering to us of those who are socially the highest in the who are socially the highest in the land, most intelligent, and in some instances the most deeply spiritual, their acknowledgment and apprecia-tion of the results of Army work, their whole socied sympathy and deeply carnest atterances when speaking of the General, our present Canadian leaders, and the Army, incontestably prove how great a triumph has been the last six days in the history of Torouto warfare.

Nothing is more common than to hear of some peculiarly difficult kind of work such remarks as: That is a kind of work to which the Salvation Army's meth-

THIS IS A WONDERFUL TESTI-MONY for a great Canadian "Daily" to give the poor Sainvation Army. While we do not seek the praise of mea, we cannot but be thankful to observe how the great leaders of thought have come to see below the surface of our methods, and to recognize and appreciate the Army's high moral aim in the world. As to the adolesion of other Christians in respect to the work we may be deemed peculiarly sutted for, wo beg to say that we have no whit more responsibility for supplying the temporal and spiritual needs of the "lapsed masses" than have others. The latest number of the War Cry devotes considerable space to the report of General Booth's visit to Winnipeg. The front page of the paper is envered with a picture, the subject of which is indicated by the words, "Good-bye, Winnipeg." The scene is the C. P. R. station at the time of the General's departure. The Atlantic express is drawn up to front of the platform, with engine attached, and all ready for the start. The station platform is erowded with men, women and children, ascendied to give the Goldenia a hearty send-off. The seven column report, headed "Winnipeg, Wants, Wishes, Wills and Wios," has cuts of Major and Mrs. Read, W. E. Millock, Q. C.; Capt. R. J. Whitas and vlows of Majo street and City Tail, the Winulpeg Rescue Home, and the Canadian Pacific Railway yards.

An interesting feature of next week's "Cry" will be the page devoted to the songs of Colonel Lawley.
